

Photo & Video Consent Form

Dear Parents/Guardians,

At **BBSC New York City LLC**, we are committed to celebrating our students' progress and achievements. During lessons, we often capture photos and videos of our students as they learn, grow, and overcome challenges. These moments may be used for the following purposes:

- Sharing progress updates with parents and students
- Posting on our official **social media platforms**
- Featuring on our **website** or in our **newsletters**
- Including in **promotional materials** to highlight our programs

By signing this form, you acknowledge and **give BBSC New York City LLC permission** to photograph and/or record video of your child during lessons and related activities. These images and videos may be used in the ways described above.

If you would prefer to receive photos and videos **directly** rather than having them shared publicly, please notify us, and we'll happily accommodate your request.
